

# Balfour Beatty

Onsite London Ltd has been supplying Electrical Labour at Gatwick Airport since 2014. All of which when we needed a reliable source of labour.

The team at Onsite London are very friendly, hardworking, helpful and extremely efficient in ensuring our requirements are always met in order for us to complete our projects on time. The team are enthusiastic and we are always kept up to date with their progress in resourcing the labour. They are also an excellent company to do business with, they are always available at the end of a phone and have come up with innovative approaches to bespoke recruitment taking a huge amount of time and effort away from us in resourcing our labour force.

Always a pleasure to deal with, I would strongly recommend Onsite London Ltd to any client or candidate looking for work in the Construction and M&E sectors.
